

# Exploring Treatment Options— Making Choices

## *The Realities of Advanced Medical Interventions*

Learn about the realities of aggressive life-saving measures and what they mean for people in various stages of life. Hear about outcomes from experienced intensive-care nurses who work with patients and their families every day. Understand what your options are—and learn how to make your own choices.

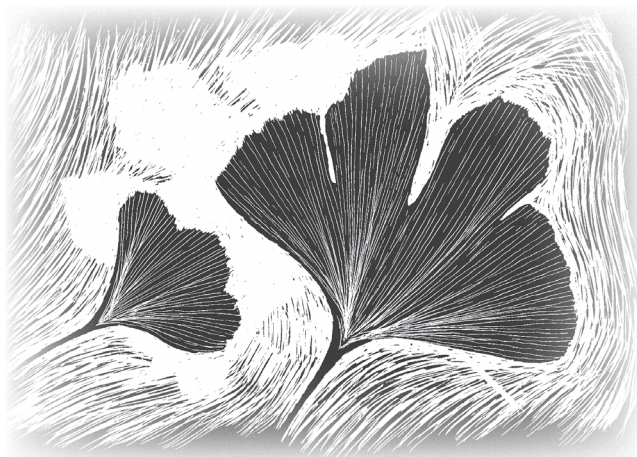

Invite your friends and family to join us at 6:30 pm at Jerns. It's free!

---

*“I realized I didn’t want family members or others making choices to extend my life, when in reality they could just be prolonging my natural death.”*

Diana Campbell  
Vice President, BTS
